

MICROBIAL FRIENDS & FOES

Microbe Interactions with Eukaryotic Hosts

SUMMER RESEARCH EXPERIENCE FOR UNDERGRADUATES

Duration

June 3, 2019 - August 9, 2019

Students Receive

Stipend of \$5750, travel subsidy, meal allowance, and on-campus housing

Who Should Apply

• All undergraduate students interested in understanding microbial interactions with eukaryotic hosts

• Members of minorities underrepresented in science, undergraduates from small colleges, and first generation college students are strongly encouraged to apply

• Applicants must be United States citizens or permanent residents and at least 18 years old

**Application deadline:
February 21, 2019**

For information on how to apply, visit:

cihmid.cornell.edu/reu-mff

Research

- Work with a faculty mentor on an independent research project relevant to a specific host-microbe study system
- Learn and use tools in molecular biology, bioinformatics, evolution, ecology, population genetics, and applied systems management

Synthesis

- Participate in conceptual synthesis panels with other students and research mentors
- Share the findings of your research at CIHMID- and Cornell campus-wide symposia in undergraduate research

Professional Development

Participate in workshops including:

- Research ethics
- Science communication
- Planning for graduate study

Cornell University

The Microbial Friends & Foes REU program is funded by the NSF award DBI-1852141, pending final approval.
