## Application Essay

In a one page typed essay, tell us about yourself by addressing these questions. How did you get interested in biology and which area particularly fascinates you? Have you participated in research or an internship? Do you have any favorite biology related books or hobbies? What are your career goals; do they include plans to attend graduate or professional school?

## Please attach a copy of your official OSU transcript as well as the one page essay to this application form.

Submit your application and semester dues in a sealed envelope in our Tri-Beta mailbox located in 430 Life Sciences West.

Membership fees: The semester dues are \$10 and due with the application (cash only please). For national membership, there is a lifetime \$45 membership fee. Further information about the national fee will be provided by a Tri-Beta officer when your application is processed.

If you have questions, please contact our chapter president at cedric.fry@okstate.edu.
